

Safari Child Care Center

September 2018

Staff Changes

We have hired a couple new girls to take over for our summer helpers who have gone back to school. Elizabeth and Tiffany will be joining our crew. Tiffany will be helping in Brittaney's room. Elizabeth will be our float teacher. She will mainly be with the younger toddlers until Breanna gets back from healing.

Reminders:

-It's starting to get cold out there! Please bring a coat or jacket to Safari, since it is still pretty chilly when we go outside in the mornings.

-Please do not bring toys from home unless requested for such things as show and tell. We've had a couple of broken hearts recently when toys were lost or broken. We have plenty of toys here to go around!

-We need your updated CACFP forms (Enrollment form and eligibility form) from EVERY family ASAP. Pretty please.

We 100% believe that parent communication is extremely important in our daily routine. There are certain methods of communication that work better for us throughout our busy days. We ask that you be very patient if you contact us via text or the Daily Connect app. We only use our cell phones during rest time, and usually just check the app when we are entering routine info. Our staff is asked to use electronics as little as possible throughout the day and now have a new cell phone policy because every time our eyes are on a screen, they are not on your child. If you have questions or concerns you'd like to address immediately, please call the center. We will happily have an extra staff member take over for your child's teacher while your questions or concerns are being addressed. Thanks!

Dates to Remember

September 3
CLOSED for Labor Day

September 17
No School at OES
