March 2019

DATES TO REMEMBER:

Spring is Near!

With the weather FINALLY getting warmer, we will be going outside more often. Please make sure your child has appropriate clothes to play outside. Layers work best, and don't forget that we'll most likely be getting dirty out there!

Developmental Assessments

We will be conducting developmental screenings this month. Most likely you will be asked to fill one out for your child. The Child Care Specialist will then complete the screening on the back. Screening for potential developmental delays in children allows for early treatment and supportive services. Please bring

your developmental screenings back by Monday March 18th.

Preschool Tuition

We are already looking into next Fall for our Tuition assistance grants! If you have a child that will be enrolled at Safari between Sept. 2019 and May 2019, please fill out our tuition assistance application. If you qualify, (on first come basis, grant money does run out) Early Childhood will pay up to \$120.00 a month of your tuition fee! This is a great program, and I encourage you to fill out an application today. Applications and more information can be found on our website. Safarichild.com

March 2

Dr. Seuss's Birthday!

March 15

Preschool Field Trip to Pearson.

March 10

Daylight savings: Spring ahead!

March 17

Happy St. Patrick's Day!
Betty the Librarian @ 10am
